£6,127 TOTAL

Plan for the future

We would like to share some very exciting news. Last year our school received a very generous donation from a gentleman from the village. He kindly left almost £30K in his will for the school to create an outside learning space. This is a huge amount of money, and it will make a such a difference to the school.

At the moment, the school, together with the governors, are looking into the best options to realise this plan. With a project of this size there is always a level of planning involved so it will take some time to realise, we will keep you updated as we progress with the planning.
