

Dear Parents

The Weald and Downland Museum have contacted us today with a change in our collection arrangements on Monday.

They have sorted out parking for parents and will get a sign out. They will also be out in the car park themselves directing you.

So some instructions from them;

- Turn into the gate and turn right (away from the main car park!)
- Parking will be in the first and second bay's on the right hand side of that road (the new buildings will be to your left and the furthest bay looks on to the bank of our pond).

It should hopefully all be clear and the Weald & Downland staff will be there to help.

Anyone who has not yet replied (and there are quite a few) to let us know who will be collecting your child.
