Friday 9th October

Dear Parents and Guardians,

On Tuesday 10th November, the Bishop Luffa Learning Partnership are coming together to kick off an exciting learning experience with a special TED talk. TED talks are recorded public speaking presentations that were originally given at the main TED (technology, entertainment and design) annual event or one of its many satellite events around the world. They are devoted to spreading important ideas, usually in the form of short, powerful talks or presentations.

This exciting event will be held at Bishop Luffa School and will mark the start of learning across the partnership, in which the children will plan, research and write their very own TED talk on a subject close to their heart. Our hope is then for each child to be able to deliver their talks to one another, and , if all goes to plan, for some children to give their talks at our very own TED Junior event which would be held later in the term.

In order to make this happen, we will be attending the opening TED talk at Bishop Luffa School on Tuesday 10th November. The TED talks will be due to start at 9:15am. Therefore, we ask that your children at dropped off at Bishop Luffa at 9:00am. Any children attending Breakfast Club will also be brought directly to Luffa by a member of staff. We will then be travelling back to school via mini bus in time for lunch.

If you are unable to drop your child off at Bishop Luffa on that day, please don't hesitate to get in contact. Permission for this trip is available on Arbor.

Kind Regards,
Mr J Worne
