

# Annual Autumn Tidy

## Calling all parents...

**When: Saturday 10<sup>th</sup> October 9.00am – 12.00pm**

The Friends are holding their annual DIY and grounds tidying morning on Saturday 10<sup>th</sup> October and would be really grateful if you could spare a couple of hours or so of your time.

This year, to ensure we comply with current guidelines for schools / charities, the morning will be run differently to previous years.

- **The morning is for adults only** – sadly children are not allowed to accompany their parents this year.
- **Refreshments** – please bring your own flask of hot tea / coffee.
- As the Friends of Lavant Primary School is a **registered charity**, we will be exempt from the current Government 'Rule of Six' guidelines as we will be providing a charitable service.
- We will, however, need to **socially distance** whilst we are in the school grounds, and will work in **small separate groups** where possible.
- The school building will only be open for electricity and use of toilet.

This year, in addition to our usual annual maintenance tasks; pruning the willow dome, general gardening and planting, we have a number of areas that we would love to improve that require more specialist knowledge / tools. Please see the list attached.

If you are able to help with any of the jobs please can you let the school office know by the end of this week so that we can ensure we have the correct materials on site.

Now, more than ever, we really need your help to enable us to continue to develop a fantastic learning environment for our children.

Please come along and join in what we are sure will again be a fun morning for everyone!

Many Thanks

Adrian King & The Friends of Lavant CE Primary School

*We must have a definite register of all people on site. If you are able to help please complete the attached slip and return it to the school office.*

✂-----

### **Annual Autumn Tidy**

..... will be able to come to the DIY morning on Saturday 10<sup>th</sup> October.

## GROUNDS DAY TASKS

As well as the normal weeding and tidying tasks' we have a few jobs that maybe you keen gardeners, DIYers or professional trades people could help with.

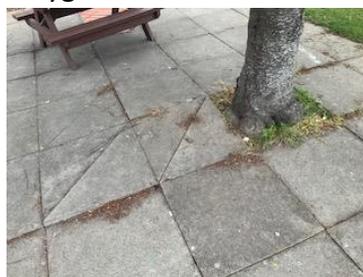

If this is job you can help with, or you want to find out more, please contact Mr King, so we can discuss and order any relevant materials in time.

### Outdoor Log Area

The existing logs are rotting. Do you know anyone who could donate large tree logs? They just need pegging in place and the old ones chopping up.

### Playground slabs

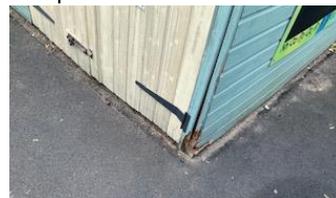

As our beautiful tree grows, unfortunately the concrete slabs are rising. We would like to remove approximately 11 slabs and replace with a barked bed surrounding the tree base. Ideally, we would love to re-site them on an old flower bed which will hopefully become part of Robins new outdoor learning space.

### Wren's Storage Shed

Replace the broken window with Perspex

Replace the rotten side batten and it also needs a lick of paint!

### Wren's Playhouse

Re-felt the roof and replace the batten and fascias.

### Robins Water Fountain

Any plumbers in the family?

We want to remove the old internal water fountain and use the supply to extend the pipe to create a new external pipe.

### Outdoor Stage

Screw down the bowed plank.

### Willow Dome

Taming the willow dome and weaving the new growth.

### Sports Shed

Add safety film to the windows.

### Wren's Entrance Gate

Even though we have attempted to repair this gate, it is just too heavy and continues to drop. Can you re-build it as a main master gate and smaller slave gate if we need full access?

### Robins Door Strip

Could you replace the external flush door strip?
